

BRIEF SUMMARY

Recent graduate with a strong background in web development. Proficient in JavaScript, Node.js, Express.js, EJS, MongoDB, and SQL, with experience in building dynamic web applications and managing databases effectively. Solid skills in C++, Git, GitHub, and RESTful APIs, demonstrating excellence in problem-solving and version control. Eager to leverage technical expertise and grow as a software developer in a challenging role.

KEY EXPERTISE

Javascript NodeJS ExpressJS EJS ReactJS MongoDB Data Structures C++ RESTful API HTML CSS  
Git Github SQL

EDUCATION

<b>Parul University</b> B.Tech. - CSE - PIET   CGPA: 7.84 / 10	2021 - 2025
<b>Manasthali Education Centre, Bairia</b> 12 <sup>th</sup>   CBSE   Percentage: 67.60 / 100	2020
<b>Saroj Royal Academy</b> 10 <sup>th</sup>   CBSE   Percentage: 74.40 / 100	2018

INTERNSHIPS

<b>BYTEXL</b>   IT / Computers - Software Summer internship	15 May, 2024 - 30 Jun, 2024
<b>Key Skills:</b> API Integration react.js JavaScript	
Worked on multiple project as a frontend developer	

PROJECTS

<b>Gemini Clone</b> <b>Key Skills:</b> ReactJS API HTML CSS JS <b>Project Link:</b> <a href="https://gemini-azure-kappa.vercel.app/">https://gemini-azure-kappa.vercel.app/</a> <ul style="list-style-type: none"><li>ReactJS Framework: Responsive and dynamic UI with a seamless user experience.</li><li>Gemini API Integration: Real-time cryptocurrency data for effective portfolio management.</li><li>Responsive Design: Mobile-first approach ensuring compatibility across all devices.</li></ul>	20 Jun, 2024 - 23 Jun, 2024
<b>To Do App</b> <b>Key Skills:</b> HTML CSS JS <b>Project Link:</b> <a href="https://github.com/29sapna/ToDo-app.git">https://github.com/29sapna/ToDo-app.git</a> <ul style="list-style-type: none"><li>Task Management: Organize tasks efficiently with a user-friendly interface that allows for easy creation, editing, and deletion of tasks.</li><li>Cross-Platform Access: Access the app seamlessly across multiple devices, ensuring productivity whether at home, work, or on the go.</li><li>Simple Interface: Intuitive design for easy task management, suitable for users of all levels.</li></ul>	02 Jun, 2024 - 03 Jun, 2024

decisions.

- Streamlined Booking Process: Our platform transforms the traditionally stressful accommodation search into an effortless experience, ensuring convenience and accessibility.

Role: Frontend Pages(About Us, Home)

## ACHIEVEMENTS

- PU Code Hackathon awarded with 5000Rs

## ASSESSMENTS / CERTIFICATIONS

### Basic Of Python

**Key Skills:** Python Programming

### Data Analytics with Python

**Aggregate:** 66 / 100

**Key Skills:** Data Analysis Data Analytics Python

### Network Essentials

**Key Skills:** Computer Networking Network Communication DHCP IPv4 IPv6
